MTC's Got Talent (and food—yummy, yummy food)

Hey all! We know you are talented martial artists, but we want to experience your other talents at the Annual Dinner and a Show on May 13th at 6:00PM. Together we provide the Dinner and the Show!

In years past we have had dance, comedy, poetry, rap groups, rock bands, musical instruments, juggling, parkour, skits and other varied talents. All provided by an incredible variety of ages and abilities from 2 year old Edison rapping Ice, Ice Baby to students who were attending university on full ride scholarships for the talent they shared

Sign up on the front counter with the talent you will share. We will provide a PA system and a piano. All other technical need should be provided by the talent. Please plan to keep your talent to around 3 minutes (exceptions may be made for larger groups). See below for information about the dinner portion of the event.

Summer Schedule begins June10th. Summer is a great time to do Taekwondo at MTC. We offer flexible day attendance throughout the summer, so students are welcome to mix up their days and come to whatever works for them, even attending 2 classes in 1 day if that is the best fit that week. We will happily help you find the

Summer TKD Gives a More Personalized Experience

With many MTC families traveling and camping over the summer class sizes are usually more intimate giving students in attendance a great learning experience every time they step on the mat June-August.

Most of our students commit to 12 month at a time of TKD. This is important for continued growth as a martial artist. We have found that consistent attendance, even if it is just one class a week when the rest of life is hectic, has a sizeable effect on such elements as; belt achievement (including black belt), student contentment, general well-being in the dojang and in life. We actually structure our tuition prices so that a year commitment works out to be just slightly more than the cost of 9 months. It is like getting the entire 3 months of tuition for only \$60 TOTAL.

Rain Does Not Thwart our Clean Up Crew

Thank you in a big way to everyone who showed up to help with our community clean up on April 23rd. Even though the weather did not cooperate, we soldiered on through the rain and cleaned up the dojang and our neighborhood. The alley behind us, the parking area and the planters in front, as well as a 4 block stretch of the railroad tracks that run West of MTC were cared for and now look loved. Inside we cleaned up, made new dots, organized storage areas and built new light covers for the spectator seating area.

We believe that giving back to a community you belong to gives you feelings of ownership over it, and we encourage everyone taking ownership in the MTC community and surrounding neighborhood. Once again, thank you to all of the wonder-
